

## Somerset West Community Health Center Anti-Racism Project: Participation Application Form

---

Somerset West Community Health Centre is committed to anti-racism work in our service area from the Ottawa River to Carling Avenue, and from Island Park Drive to about Lyon Street. We are looking for 10 community members who live, work and/or use services in this area to participate in a series of seven workshops that will take place from January, 2020 to April, 2020. Our purpose is for us to work together to complete and share an action plan to address racism in our neighbourhoods. This initiative is a continuation of our previous project where we engaged with diverse groups of people in conversations about their experiences of and responses to racism.

Please fill out the application form below and send it back to us by January 10, 2020!

To read our final report from our previous anti-racism community conversations:
